## NARRATIVE

I am submitting a supplementary report to occurrence number 25-9017342.

On April 29, 2025, I received a threat from Babak Vosooghi, legal counsel for the named suspect, Joshua Fernandes. The message stated:

"You will regret doing these."

This was sent after I lawfully served him the police report regarding his role in the ongoing criminal investigation. I believe this constitutes a threat, witness intimidation, and an attempt to interfere with legal proceedings.

The email is attached. I am requesting this be added to the existing file and reviewed for escalation to the Crown.
